Earthquake Zones of Required Investigation
Beverly Hills Quadrangle

California Geological Survey

This map shows the location of Earthquake Fault Zones and Seismic Hazard Zones issued for the Beverly Hills Quadrangle.

For information regarding the scope and recommended methods to be used in conducting seismic hazard analyses, see CGS Special Publication 118, "Earthquake Hazard Zonation in California," or visit http://www.conservation.ca.gov/cgs/shzp/Pages/SHMPgminfo.aspx.

Note: Mitigation methods differ for each zone. For full details, including Earthquake Hazard Zoning for a Seismic Hazard Mitigation Plan, see Appendix C.
